

Maharashtra Government to Organize 'Startup Week' to Promote Innovative Startups

The Maharashtra State Innovation Society, part of the state's Skill, Employment, Entrepreneurship, and Innovation Department is organizing the 'Maharashtra Startup Week' to promote innovative startups.

Startups who wish to participate in the event must apply online by visiting the official website www.msins.in by 1st August 2024, according to Shri. Mangal Prabhat Lodha, State Minister for Skill Development & Entrepreneurship.

During his visit to Pune for the Kaushalya Vikas Dindi, the Minister said that "The Maharashtra Startup Week initiative offers startups an opportunity to collaborate with the government & introduce innovation into the administration." He added that 24 startups will receive work orders worth up to Rs.15 lakhs each to pilot their products or services across various government departments.

Who is eligible?

Startups in sectors such as agriculture, health, education, technology, mobility, smart infrastructure & sustainability (including clean energy, waste management, and water management) are eligible to apply for the event.

In addition, a national-level conference focusing on startups will soon be held in the state. This conference aims to foster collaboration between the startup ecosystem and investors, providing valuable investment opportunities, Minister Lodha stated.

To achieve the goals of the state's innovative startup policy, the Maharashtra State Innovation Society regularly introduces various schemes, initiatives & programs for the holistic growth and development of startup ecosystem in the state.
