

SUCCESS STORIES OF STARTUPS

Under RKVY RAFTAAR Scheme

Modiant Solutions Private Limited

Founder: Jitender Patel

Focus Area: Farm Mechanization

Website: <https://www.modiantsolutions.com/>

Email: modiantsolutions@gmail.com

Mobile: 9726900227

Foundation Year: 2018

Location: Gujarat

Incubated in: 2020-21 at IARI

The startup “Modiant Solution” is a leading manufacturer of multi-purpose agriculture machinery and tools engineered specifically to cater farmer needs. The machines are reasonable in order to help farmers cope with the dynamically changing technologies and markets.

It has created cutting-edge seeders, such as the Smart Seeder, A1 Seeder, and Pro Seeder, for direct in-farm seeding as well as nursery preparation and precise sowing of different kinds of small seeds.

The machines can be used for sowing cabbage, cauliflower, chili, tomato, brinjal, cotton, groundnut maize, soybean, castor, chana, green peas, okra, green gram, black gram, and more. These machines are pocket friendly and can be customized as per the farmer's needs.
